Good Afternoon Courtenay,

Thank you for your email message, spring is amazing here in Anchorage and I am happy to hear that spring has sprung in Dillingham. On April 29, 2014, EPA received letters from the Pebble Limited Partnership and the Alaska Attorney General in response to our February 28 information request under Clean Water Act Section 404(c). EPA will review their submitted information thoroughly before deciding whether to move forward with any action to protect Bristol Bay fishery resources.

Sincerely,
Tami

Good Morning Tami,

The 29th has come and gone, we are all anticipating an announcement from EPA so I just thought I'd shoot you a quick email and check-in.

I hope all is well in Anchorage, it is definitely spring here in Dillingham!

Thank you,
Courtenay
